Sounda Abdelkerim Ahmat

CYBERSECURITY ENGINEERING STUDENT | SOC | AUDIT | RISK ANALYSIS
Cybersecurity Department - UIR | +212 726 560 487 | soundakerim8@gmail.com | linkedin.com/in/sounda-abdelkerim-ahmat

Cybersecurity engineering student at Université Internationale de Rabat (UIR), with a strong interest in security monitoring, incident analysis, security auditing, and risk analysis. My academic and professional experiences have enabled me to develop practical skills in systems and network security, log analysis, information security auditing, and anomaly detection. I am currently seeking a junior cybersecurity opportunity that will allow me to strengthen my skills in SOC, SIEM, and incident response.

PROFESSIONAL EXPERIENCE

PFA RESEARCH PROJECT - ANOMALY DETECTION IN CRITICAL INFRASTRUCTURES **Aug 2026**
UNIVERSITÉ INTERNATIONALE DE RABAT (UIR) - RABAT, MOROCCO
- Design of an artificial intelligence-based intrusion detection system.
- Reduction of false positives and improvement in the detection of minority attacks.
- Preparation and analysis of security data for model training.
- Ongoing project applied to anomaly detection in critical infrastructures.

IT INTERN **Jun-Nov. 2023**
GIZ Chad - N'Djamena, Chad
- Management and support of IT infrastructure and computer equipment.
- Equipment maintenance, troubleshooting, and technical support for users.
- Participation in an Active Directory project using Windows Server, including the creation and management of user accounts.

SECURITY AUDIT AND INFORMATION SYSTEM ASSESSMENT INTERN **Jun-Dec. 2022**
ANSICE - National Agency for Computer Security and Electronic Certification - N'Djamena, Chad
- Participated in information security audits of six public institutions.
- Developed audit questionnaires based on ISO/IEC 27002 and participated in on-site organizational and physical assessments.
- Contributed to maturity-level scoring, security recommendations, and corrective action plans.

IT INTERN - TECHNICAL TEAM / SERVER ROOM **Dec 2021**
ASECNA - N'Djamena, Chad
- Assisted with basic computer hardware maintenance and troubleshooting.
- Provided basic IT support and gained exposure to server-room operations.

EDUCATION

MASTER'S DEGREE IN CYBERSECURITY **2025 - 2027**
Université Internationale de Rabat (UIR) - Rabat, Morocco
Relevant coursework: GRC, Network Security, Ethical Hacking, Cyber Threat Intelligence & SOC, Digital Forensics, Cryptography, Cloud Computing and Security of Emerging Technologies.

BACHELOR'S DEGREE IN COMPUTER SCIENCE - CYBERSECURITY **2019 - 2022**
ENASTIC - N'Djamena, Chad

ACADEMIC PROJECTS

Information Security Maturity Assessment
- Assessed the information security maturity of six public institutions using ISO/IEC 27002.
- Developed audit questionnaires, evaluated maturity levels, and proposed corrective action plans.

ThreatIntel Core - Cyber Threat Intelligence Platform
- Developed a Flask-based CTI platform integrating MITRE ATT&CK;, CISA KEV, and AlienVault OTX.
- Correlated threat actors, CVEs, and MITRE techniques, with automated CTI report generation.
- Analyzed and correlated threat indicators to facilitate detection and investigation.

Windows & Linux System Security and Hardening
- Deployed and secured a Windows Server / Ubuntu environment with Active Directory.
- Analyzed authentication logs and implemented hardening measures: Fail2Ban, Wireshark, SSH keys, and password policies.

TECHNICAL SKILLS

- **SOC & Monitoring:** SOC fundamentals, SIEM, log analysis, incident detection
- **Networks & Security:** Wireshark, network security, network protocols, IDS/IPS
- **Audit & Risk:** information security audit, risk analysis, ISO/IEC 27002, GRC
- **Systems:** Linux, Windows Server, Active Directory, system hardening
- **Cyber Threat Intelligence:** MITRE ATT&CK;, CISA KEV, AlienVault OTX, CTI
- **Programming & Tools:** Python, Flask, SQL, VMware
- **SIEM:** academic concepts and laboratory practice

CERTIFICATIONS

- **Ethical Hacker - Cisco Networking Academy - April 2026** Apr 2026
- **OPSWAT Cybersecurity Fundamentals Associate - OPSWAT Academy.**
- **Introduction to Critical Infrastructure Protection - OPSWAT Academy.** Oct 2026
